Haliburton County lakes claim 6th drowning victim of year

HALIBURTON — The OPP diving team were out again this past week searching the waters of Haliburton lake for the body of a 24 year old Downsview man.

Robert Stephen Armstrong of Chalkfarm Dr., was canoeing with two friends at about 5:30 am on Saturday, June 21st. Armstrong was sitting in the middle of the canoe fishing, sitting on his lifejacket. As one of his buddies in the bow gave him a paddle, the canoe overturned around 6:05 am, 40 feet from shore. The three started swimming in, but only two made it. The divers located Armstrong's body about 20 feet from shore at 11 am.

Richard James Pilson 26, of Bolton, who was in the rear of the canoe has been charged by Police with insufficient lifesaving equipment. Court date for his appearance is Oct. 2nd in Minden. Coroner at the scene was Dr. H. E. Good of Haliburton and police report no post mortem will be held. Cpl. Stevens and PC Buchanan.

Municipalities now have say in designation of shorelines

The end is near in the seasonal-permanent shoreline dispute. After a year long battle with the province to get a final decision on whether permanent residential units will be allowed on County shorelines, Planning Director Dave Johnston, is happy to report "a light at the end of the tunnel, rather than a train coming the other way."

"It is a reasonable compromise," says the Planner, about the agreement reached with the Ministry of Housing, allowing permanent shoreline residences

The Ministry had originally objected on the grounds of poor planning and the costs incurred in servicing areas year round.

Municipalities will now have the authority to zone areas how they wish, says Johnston. Provision has also been made for conversion of seasonal to permanent without the costly and lengthy proceedings of a zoning change.

The complete package is expected to be ready for County Council's consideration at their first meeting early this fall.

OPP investigate two break-ins

HALIBURTON — Cauldron Pharmacy here suffered another break, enter and theft over the weekend.

Police report that the drug store was broken into during the evening of June 21-22. Entry was gained by breaking a front window with concrete. \$25 in cash was taken as well as a quantity of cigarettes.

Between June 8 and 20th a cottage on the Ransley Road in Minden Township was entered. Police report that it was entered by smashing a window and about \$2500 worth of property taken including a TV, rifles, electronic equipment, sporting goods and some antiques. PC Jim Solway.

Air Ambulance gets air-ground emergency radio channel

TORONTO — Ontario becomes the first Province in Canada, with Federal Department of Communications (DOC) approval, to establish a precedent setting air-to-ground emergency ambulance channel for all standard aeronautical radios.

Health Minister Dennis Trimbel said that the new air ambulance services emergency channel frequency being reserved will permit all commercial and private aircrafts with standard aeronautical radios to communicate with major ambulance dispatch centres and hospitals in the event of medical emergencies.

Proper procedures for use of the assigned 129-275 MHz frequency will shortly be established with commercial airlines. Frequencies for those stations within 25 miles of the Canada-US border will be coordinated.

16 yr. old shoots self in hand.

While waiting for a television show to start at his home at RR 1, Haliburton, a 16 year old youth decided it was time to clean his brother's .22 rifle. While he had his left hand over the muzzle of the gun, it went off causing the bullet to go through his left hand. PC Bob Wood.

Is there a need for child care services in Haliburton Cty?

The Social Planning Council of Haliburton Cty. is the sponsor for a feasibility study to be conducted this summer to determine whether or not child care services are needed here. The project is funded by Employment and Immigration Canada under the Summer Youth Employment program. Four students have been hired to carry out the study.

A questionnaire which has been developed, will be given to the parents of all pre-school children up to and including the age of four. Drop-in meetings have been arranged around the County so watch for details in the coming events column of your paper. At these meetings, the questionnaire will be available for parents to fill out. Project workers will answer questions and those unable to attend will be contacted for a personal interview.

The results of the questionnaire should indicate if a need for child care services exist in the County, where the needs are the greatest and what types of services are wanted by parents.

Project workers will be summarizing their research findings and making recommendations regarding future action. Investigations this summer will include proposals for child care facilities with capital and operating costs, possible locations, programming and funding. If a need for child care services is indicated, it is hoped that a group of parents will be available and willing to put into action the project's recommendations.

Ontario awards \$3.2 million in health research grants

Ontario Health Minister Dennis Timbrell announced recently that the Ministry of Health is directing \$3.2 million to 104 projects for health research. The money goes to clinical research for the prevention, cure and management of disease, evaluative studies of health care services, and public health research for the prevention and early detection of health problems.

The grants are for programs at universities, hospitals, laboratories and special agencies in Guelph, Hamilton, Kingston, London, Ottawa, Penetanguishene, Sudbury, Toronto and Waterloo.

Announcing the awards, Mr. Timbrell said, "By strengthening the public

health sector, we hope to encourage people to adopt healthier lifestyles by smoking less, for example, and by eating more nutritiously.

"The public health grants will be used to evaluate the status of health care generally and to develop the skills of

health professionals. They will also be used for studies into the care of the elderly, the provision of mental health services, and ways to improve dental health."

The grants are recommended by three independent committees of health professionals, are effective from April 1, 1980 to March 31, 1981. They are as follows:

- \$78,476 to four programs at the University of Guelph.

- \$661,959 to 22 programs at McMaster University in Hamilton.

- \$145,189 to eight programs at Queen's University in Kingston.

- \$970,608 to 28 programs at the University of Western Ontario in London.

- \$102,439 to six programs in Ottawa, three at the University of Ottawa, one at Carleton University, one at the Children's Hospital of Eastern Ontario, and one at

the Ottawa public health department for a program sponsored by the Society of Medical Officers of Health of Ontario.

- \$33,450 to one program at the Mental Health Centre in Penetanguishene.

- \$19,000 to one program at Laurentian University in Sudbury.

- \$1,176,335 to 32 programs in Metropolitan Toronto, one at the Clarke Institute of Psychiatry, four at The Hospital for Sick Children, two at Mount Sinai Hospital, four to the Ministry of Health's Laboratories Services Branch, 19 at the

University of Toronto, one for a program sponsored by the Ontario Inter-agency Council on Smoking and Health, and one to the Ontario Cancer Institute.

- \$46,021 to two programs at the University of Waterloo.

In addition to the \$3.2 million announced today, six grants amounting to \$237,588, were awarded to

public health research in March, 1980 and are also effective to March 31, 1981.

Short's "Ancient and Modern Agriculture" says the "matched team" command of Moses deplored inefficiency and sloveness in farming. "An ox and an ass plowing together would not be efficient power."

Letters to the Editor:

I am sure I represent the feelings of many Minden residents and visitors, in passing along this accolade to the Minden Horticultural Society for the wonderfully pleasing work they have done in beautifying the banks of the Gull River, the installation of benches, the floral hanging baskets and the gardens. This dedicated group have only been functioning a few short years, yet have accomplished many, many good things!

Perhaps the nicest way to say "Thank You" to the diligent efforts of this group, would be for each and every one of us to dip into our pockets and send a dollar or so along to them so they can continue their fine work! They have certainly proven they will put the money to good use!

In any case, I say it's "hats off" to the Minden Horticultural Society and to each of its hard working members for a "job well done!"

Hustlers split week's game

MINDEN—The Rockcliffe Hotel Hustlers came away from last week's action with a split of their two games with Lindsay, however, they remain in first place in the Tri County Fastball league.

Last Wednesday evening here in Minden they took to the field against the Lindsay New Royal Hotel. Jack Snell, with a perfect 6-0 record, recorded a fine 3-0 shutout over the Hotelmen, aided by a home run by Bernie Nicholls, his fourth of the season. The win lifted the Hustlers record to 7-2.

They then travelled to Lindsay on Sunday evening, hoping to get revenge on the Lindsay Juniors, who just two weeks ago, blanked them 1-0 in Minden. It wasn't to be however, as the Juniors were up and ready for the Hustlers and blasted them 9-2. Jeff Hutton smashed a round-tripper for the locals. Craig Stamp suffered the loss while Skinner notched the win for the Juniors, who are now only a game behind the first place Hustlers with a game in hand.

Retail sales tax procedures for Indians simplified

In the News

Bobby Jones

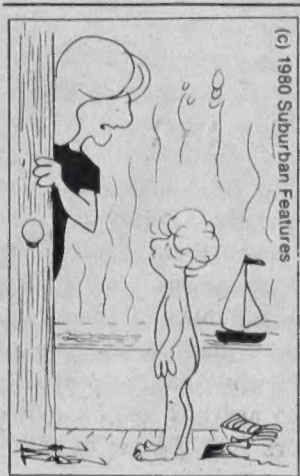

COMMEMORATIVE stamp honoring golfer Bobby Jones is for 1981 but the Postal Service unveiled it in 1980 to recognize the 50th anniversary of his winning the Grand Slam of Golf in 1930.

Effective September 1st, Indians who purchase goods off the reservation will no longer have to rely on deliveries to the reserve by vendors to obtain their retail sales tax exemption. Previously such pur-

chases had to be delivered by the vendor to the reserve in order for Indians to qualify for the exemption in Provincial sales tax. "This tax simplification measure will ensure that approximately 70,000 Indians

will gain maximum benefit from the exemptions available to them under present retail sales tax legislation," said Ontario Revenue Minister Lorne Maeck.

Hamilton Dist. wins Association of the Year at Convention

MUSKOKA — The 14th annual Ontario 5 Pin Bowlers Association annual Convention was held this past week in Port Carling at the beautiful Elgin House resort. More than 400 voting delegates, sponsors, builders of the industry, proprietors and their families from all over the province's 63 local or decentralized associations attended.

The 99 delegates represent more than 62,000 affiliated OFPBA members in more than 180 bowling centres across Ontario. Total bowlers in commercial bowling centres climbed to over 350,000 in the 1979-80 season.

The highlight of the convention each year is the 'President's Banquet' held on Saturday evening. On this occasion, President Jack Hales, MC's the formal affair, that commences with a dinner, followed by the awards and a dance.

Hamilton District 5 pin association walked off with the 'Association of the Year award' which was presented by Mr. Hales to that association's president Arnold Witely. They also won the 'Awards Chairman

by Mary Osier and shared by Huronia's Bonnie Olynk, 'Secretary of the Year', Miss Evelyn Wood, (for the fourth time), 'Coach of the Year', Anne Depew and 'Tournament Director of the Year,' Karen Gumbert.

Agincourt 5 pin association picked up two of the prestigious awards, Ron Lott for 'Lottery Chairman of the Year' and the 'Most Impressive Bowling Association of the Year' (a new award) presented to Don Bowling, the President.

1000 Lakes association was also the recipient of one of the Incentive Awards, Mrs. Joan Deyell, for the third time in four years, captured the 'Publicity Chairman of the Year.' Windsor's Gord Naylor was the recipient of the 'Treasurer of the Year' award, St. Catharines' Don Russello won the 'Certification Chairman of the Year' 'Membership Chairman of the Year' went to Durham's Lorraine Murphy and 'Records Scores Chairman of the Year' was won by Gary Burkholder of Conestoga.

Two very special awards were presented on this

gala evening, neither of which is awarded every year but when OFPBA feels that a person was outstanding in the sport of five pin bowling.

The 15th 'Life Membership in the OFPBA was presented to Kevin Jones, of Niagara Peninsula 5 pin association. Mr. Jones has worked at the association level for 15 years and has been the treasurer of the Board of Directors of OFPBA for eight years. Other life members include Flo Cutting, Bert Garside and Evelyn Wood.

The final special award went to Eric Whittaker of Guelph for his work on the Hall of Fame project. He succeeded in securing a spot for Ontario's 5 Pin Hall of Fame at Canada's Sports Hall of Fame located at the CNE. He received the 'Executive of the Year' award for his work in securing this spot.

The following people will be enshrined in this, Canada's newest Hall of Fame, hopefully by Exhibition time. They are Dick Brett of Hamilton, Charles Demelis of Willowdale, Tom Mallon of Toronto, Edward Hawkes of Toronto and John Smith of Toronto; Three ladies: Mabel McDowell and Ollie Miller both of Toronto and Vera Ward of Hamilton, as well as two builders of the industry, Thomas Ryan and Bob Woods also of Toronto.

THE MAPLE LAKE — BEECH LAKE PROPERTY OWNERS' ASSOCIATION hand delivered a bulletin to ALL residences in these areas last weekend.

It is important that the application for membership form is completed and returned to the Association so that we can update our records. The form is for ALL property owners, paid members, renewing a membership or a new member.

If you require an application or have one, please complete it and return to:

DAVID STIRRETT,
R.R. 1, Haliburton, Ont. K0M 1S0
Phone 754-2066

(North Shore Maple Lake near Lock Haven) or any member of the executive committee.

Without this information it is almost impossible to keep all property owners advised of the two very important issues:

the 66' lakeshore road allowance; and the upcoming municipal elections.

Please help yourself and the Association by doing your part.

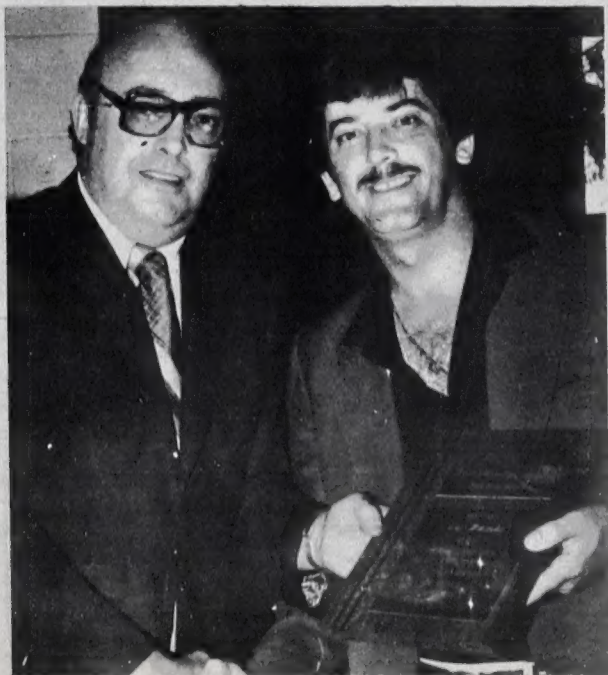

DAVID STIRRETT, President, M.L.P.O.A.

'President of the Year' — Arnold Witley, Hamilton

'Publicity Chairman of Year' — Joan Deyell, Fenelon

'Executive of the Year' — Eric Whitaker, Guelph

Mainstream Canada

What's sauce for the goose . . .

By W. Roger Worth

Is the federal government really serious about overcoming regional disparities in Canada?

That's a question people in Eastern Canada are asking these days, and with good reason.

First, Ottawa refused to

extend the natural gas pipeline to the Maritimes, depriving Easterners of a cheaper source of energy.

Now there is heated debate over government support for Michelin Tires Ltd., a French multinational that is already the largest employer in Nova Scotia. Michelin wants to expand tiremaking facilities in the province, adding 1,800 new jobs to its payroll.

Under long-standing rules laid down by the federal

Roger Worth is Director, Public Affairs, Canadian Federation of Independent Business.

Department of Regional Economic Expansion, Michelin qualifies for \$53 million worth of low-cost loans.

But union leaders and tire-makers in Central Canada have lobbied Ottawa to change the Dree rules, cutting support to Michelin.

They point out that the slump in North American car sales has forced layoffs among Canada's tiremakers.

What they fail to understand is that government support for companies producing jobs in underdeveloped areas is the backbone of efforts to overcome regional disparities.

Many Canadians, including independent business people, may argue about the need for such a policy, but changing the Dree rules in midstream is no solution to a difficult problem.

In the past, Michelin has lived up to commitments to create jobs. The firm has prospered in the face of economic disadvantages including Nova Scotia energy costs that are among the highest in the country. It has built world-class plants that allow Nova Scotians to produce tires that have a reputation of being the finest in the world. The company exports internationally and is paying back previous loans.

In short, Michelin is a case history of the way Dree is supposed to operate.

Maritimers like to point out that they didn't fight against \$200 million worth of federal aid to save Chrysler Corp., yet when a similar situation occurs in Eastern Canada, efforts are made to change the rules.

What's sauce for the goose, it seems, is not sauce for the gander.

The West Guilford Recreation Centre had a capacity crowd turn out for their first dance in the newly renovated hall on Saturday evening. MPP John Eakins and Dy-sart Reeve, Murray Fearrey were on hand to help Ken and Ruth Sawyers cut the ribbon. Mr. Sawyers, who is a charter member of the committee and his wife Ruth, took on the job of renovating the former school last Feb. Many prizes were donated by Haliburton and West Guilford merchants and the Centre supplied a free chicken dinner to all. Mrs. Carol Duncan gave a short speech introducing past and present members and then told the people "the floor is yours." She said that the hall is available for renting at a reasonable price and that the committee would like to express their thanks to all those people who have worked so hard. The hall has a capacity of 230 and will hold dances the third Sat. of each month.

Ask Alma

Dear Alma:
I'm ready to jog except that I heard that middle-aged female joggers usually end up needing face lifts. Any validity in that? — Middle-aged Myna

Dear Myna:
I took your question to the experts. The President's Council on Physical Fitness and Sports had no idea. The National Jogging Association had also heard the rumor and is doing a study on the subject. Meanwhile, they forwarded my inquiry to Dr. Gabe Mirkin, medical editor of "The Runner" magazine, radio personality,

and author of "The Sportsmedicine Book." He traced the misinformation about jogging and wrinkles to a California plastic surgeon. Dr. Mirkin writes:

One of the penalties of having a free society is that anyone can pop-off even if he or she has nothing to say. Aging of the skin is characterized by loss of supportive connective tissue and a thinning of the skin. The only external factor that has been demonstrated to cause aging of the skin is sunlight exposure and this is compounded by exposure to wind.

If jogging were to cause aging, that effect should occur most prominently on the legs and buttocks which receive far more stretching and bouncing than facial skin.

Dr. F. was deceived because jogging causes loss of fat, under the skin. This can result in temporary wrinkling.

There is not a single study in the entire medical literature to support this nonsense.

There is evidence that jogging helps you to lose ugly fat and that's good.

No more excuses, now, Myna — jog away!

They call him "butterfingers" — not because he's clumsy, but because that's what he does to 'em when it's time to pick up the lunch check.

721® FUEL FIGHTER.

MAKE EVERY DROP GO FARTHER

The new Fuel Fighter is a major advance beyond the 721 standard of excellence. Our famous 721 steel construction ensures great overall tire performance in strength, in stability, in corrosion resistance and in durability.

The 721 Fuel Fighter is a new metric steel belted radial, designed to use 35 lbs. of air pressure. This helps the Fuel Fighter roll easily and that means it saves you gas. In fact, our tests show that the 721 Fuel Fighter improves gasoline mileage as much as 8-10 percent over our standard bias or belted tires at standard highway speeds. In fact, it saves more money than any steel belted radial Firestone has ever built.

No-Charge Services for total mileage. We've built a lot of miles into 721 Fuel Fighter. To help you get the most out of these tires, ask about Firestone No-Charge Services. Get a wheel alignment and wheel balancing every 8,000 kilometres if required, tire rotation every 8,000 kilometres and an inflation test whenever you wish. It's all yours, at no extra charge, for as long as the tires are on your car when you buy four 721 Fuel Fighters, a wheel alignment and a 4-wheel balancing.

Your personalized No Charge Service Card will be honoured at any Firestone store or participating dealer.
